

# Longest night service

The twinkling lights and merry songs of Christmas can, in cruel contrast, deepen the darkness and gloom felt by those struggling with grief, depression, or illness. For this reason, we are offering a special time of worship during the Advent season to offer comfort, healing, and hope.

We call it our "Longest Night" service because the service is held close to Christmas, when the winter solstice of December 21 makes the days shorter and darker than at any other time in the year.

The service features readings from the book of Psalms, time for contemplation, Advent hymns and Christmas carols and soft candlelight that give a sense of abiding faith and the persistent light of Christ in the darkest areas of our lives.
